Preamble

The 2023 Nastro Rosa DMOWC is a non-stop race on Figaro3 boats, double-mixed crew and without on-water assistance from start to finish. No stopovers are planned. Boats shall provide their own assistance ashore.

The notation ‘[DP]’ in a rule means that the penalty for a breach of the rule may, at the discretion of the protest committee, be less than disqualification.

The notation ‘[NP]’ in a rule means that a boat may not protest another boat for breaking that rule and for which the international jury may refuse to hold a hearing. This changes RRS 60.1(a) and 63.1.

The notation ‘[SP]’ in a rule means that a standard penalty may be applied by the race committee without a hearing or a discretionary penalty may be applied by the international jury with a hearing. This changes RRS A5.1.

The OA will set up a berthing plan that boats and crews shall comply with from 06 Oct 2023 at 17:30 hrs.

Boats are not allowed to leave the port, unless authorized in writing by the race committee or the Race Director, after 09 Oct 2023 at 16:30 hrs. and shall remain at the disposal of the OA until the start.

15. [DP][NP] HAUL-OUT RESTRICTIONS

From 07 Oct 2023, 18:00 hrs., boats shall not be hauled out unless with and according to the terms of prior written authorization from the Race Director or the race committee. Washing (using other than soap) or polishing or sanding any part of the hull or rudder or foils or keel if prohibited

16. [DP] [NP] OUTSIDE HELP

16.1 The race shall be sailed double-handed mixed and without on-water assistance. Any boat shall have at any time while racing only two persons on board.

16.2 Boats shall sail the entire course independently and shall not, deliberately, sail along together with another boat, and shall not make any provision in order to get accompanied by another boat or vessel. During the race, a boat shall not have physical contact with any vessel or aircraft and shall not receive any outside support in any way unless authorized in this NoR.

16.3 During the race, a boat may anchor or moor and may get assistance in the following circumstances, all considered as technical stops:

- a) The boat may be towed to enter or leave a port or a mooring on a maximum distance of 1 NM, provided it can be proven that she did not gain on the distance to the finishing line as a result of having been towed. When the boat is towed, and only during this time, persons can come on board.

- b) When the boat is anchored or moored on a buoy or alongside a vessel anchored or moored on a wharf or in a shelter, repairs may be made, and the boat may receive support/supplies. The crew shall not leave the boat.
- c) When repairs are done, to continue racing, the boat may be towed on a maximum distance of 1 NM provided it can be proven that such a towing did not result in a gain on the distance to the finishing line. As soon as the boat continues racing, only the crew shall be on board.
- d) Any stop (technical stop), or during which the crew, even only for a very short time, shall not be counted for less than 2 hours. All the time of the stop will count to the total sailing time of the boat.
- e) The time limit for any technical stop cannot go beyond 48 hours cumulated period for the whole race, whatever the number of stops. From the time the boat is moored or anchored for repairs or supplies, she will be considered in a technical stop until the time she will continue racing. Should the time of stops exceed 48 hours in total, the boat will be scored DNF without a hearing. This changes RRS 35, 63.1, A4 and A5.

16.4 Any stop shall be reported to the Race Direction (phone and email) and reported in writing with circumstances, description of the situation, and description of damages. The crew shall inform the Race Director before continuing racing.

16.5 While racing, except in an emergency, a boat shall not make voice or data transmissions and shall not receive voice or data communication that is not available to all boats [DP].

Only boats having crossed the finishing line of the 2023 Nastro Rosa DMOWC and finished within the time limit stated in NoR 8.3 will be eligible for prizes and trophies.

18. [DP][NP] ENVIRONMENTAL RESPONSIBILITY

It is recalled the Basic Principle which states: "Participants are encouraged to minimize any adverse environmental impact of the sport of sailing", it is recommended that care be taken to protect the environment at all times during and after the event. Especially attention is drawn to RRS 47 -TRASH DISPOSAL- which states: "Competitors and support persons shall not intentionally put trash in the water. This rule applies at all times while afloat. The penalty for a breach of this rule may be less than disqualification".

19. DECISION TO RACE

The responsibility for a team's decision to participate in a race or to continue racing is theirs alone. Consequently, by entering the race, each competitor accepts the risks and shall not challenge the organizers responsibility in case of damage, injury or death.

20. RESPONSIBILITY OF THE OA

20.1 The OA may, in case of force majeure or if the safety of competitors requires so, at its sole discretion, decide to cancel the continuation of the race. Cancellation for force majeure or for safety reasons or for any reason independent of the organizers' powers shall not be ground for any reimbursement of entry fees or for any other financial allowance. This will apply in case of, but not limited to, exceptional weather conditions, war actions, attacks, rapt, fire, floods, strike or block- out of maritime equipment, for which the origin is completely independent of the powers of the OA.

20.2 Responsibility of the OA:

Sailing is an activity presenting some risks and offshore racing is an activity incidentally perilous. Any person considering to participate in the race either as a competitor or other, shall do it in accepting the risks resulting from such an activity and knowing that this participation might incur damages or loss, injury or death.

The organizers' responsibility is limited to ensure the fairness of the competition. Any other responsibility that the organizers would accept should be only contractual and explicit.

In particular:

The checks performed by the OA, either from its own initiative or on request of competitors or any other body, are aimed only to ensure that rules and race documents have been complied with.

The watch, and specially radio watch, and the follow-up with the beacons that the OA may organize and perform, are to be considered by crews as aleatory and not compulsory, and in no way as an additional security on which they can rely.

Any request made to a member of the OA will not imply any civilian liability except if the OA explicitly accepted this responsibility, either by itself or by one of its officers, officially accredited to that effect. This is in particular the case for any request for help, including at-sea assistance.

20.3 The OA shall not be considered as responsible for any indirect loss, real or alleged, whatever would be the situation, faced by whoever, participant, owner, sponsor, patron or other interested party, and this total absence of responsibility will not be limited to the only loss of benefits, of opportunities, of business, of publicity, of reputation (or the opportunity to improve the reputation) or any financial loss, whatever.

20.4 The OA shall not be considered responsible towards the participants in the race or other persons for any loss, damage or expenses of any kind, real or supposed, resulting from a force majeure, including, but not limited to, any natural disaster, war, military action, earthquake, accident, material failure, insurrection, exceptionally bad weather, tsunami, flood, hurricane, tornado, drought, thunder hit, fire, explosion, workers strike, social conflict, or permit refusal from the government, from national or international sailing bodies, from administrations of

Equipment, telecommunications, or delay in delivery, production, or transport, due to bodies or companies, of information, goods or services.

The OA has no obligation to organize operations of rescue either onshore or at sea. Participants are also reminded of the obligation to give help to another boat or competitors in distress (Fundamental RRS 1.1). As much as possible, Rescue and Assistance at sea are governed by the international conventions.

20.5 Acceptance of the rules:

The event is a sport event. Any problem will be dealt with in accordance with the RRS. The fact to lodge an entry form implies that the crew and their family and entourage renounce to resort to any jurisdiction not provided by the RRS. (See fundamental rule 3). No request for damage compensation would be valid and granted.

Consequently, the OA shall accept no responsibility for any implied breach of contract along usual lines, written or otherwise, nor for negligence; and shall not be held responsible for any loss or injury (whatever the cause or circumstance), or for any dereliction of duty, misrepresentation and so on.

20.6 Person in charge:

Whatever would be the judicial links between the crew and the boat owner(s), only the crew officially identified on the entry form will be the person in charge responsible towards the OA (See RRS 46).

20.7 Decision to participate:

Each crew participates in the race at their own risks and acknowledges that the responsibility for the decision to participate or to continue racing is his or her sole responsibility. It is the only responsibility of the crew to decide to participate in the race in function of his or her competence, of the state of the boat and rig, of the weather conditions predicted or met during the race, of his or her own fitness and medical state and so on. **non è un doppio del punto 19 ?**

Any advice or information supplied by the OA, e.g., weather forecast or advice consequent to boat inspection, is given purely indicatively and it remains the only responsibility of the crew to check the predicted weather conditions and their equipment.

Neither the OA nor its associates shall accept any liability regarding advice or information they might be subject to supply.

20.8 Crews responsibility:

The crews are, each of them for what they are concerned for, personally responsible for any accident, material or human, that may occur to themselves, to the boats, or that they can cause to any third party or to any good belonging to a third party. They must subscribe all insurances necessary to cover possible injury, loss, damage or other consequence. In addition, each participant must be able to present proof of such insurance stating the possible clause of exclusion and details of compensation to any third party with whom he or she may be subject to make contact in the scope of the race or other associated events. The crew is responsible towards

the OA for the subscription of all the insurances needed to cover the third-party liability for a minimum total amount of 1,5 million euros.

Without this insurance, the crew shall not be permitted to start the race and the entry fee of the team will remain the OA's property. The absence of a third-party liability insurance shall not transfer any responsibility to the OA or its associates.

20.9 As an essential requirement to enter the race, the crew shall provide the OA with the waiver form duly signed, through which he or she renounces to any resort against the OA, its mandated agents, and its insurers, as worded in the **appendix**.

20.10 Retirement from the race

In case of retirement of a competitor, and as soon as this competitor is safe in a port or shelter, confirmed by the Race Director, the OA will not accept any more responsibility regarding the repatriation of the crew and of their boat.

21. [DP] [NP] USE OF THE LOGO - MEDIA COMMUNICATION - IMAGE RIGHTS

21.1 Name: The official name of the race is "Nastro Rosa DMOWC 2023"

The OA shall change or complete the race name. In this case, crews will be informed and shall update their communication. Any registered team in the race agrees to respect the name of the race when communicating and promoting. The logo of the race is free of rights for the registered teams to use. The organization of the race shall be informed of such a use. A graphic chart shall be provided and shall be respected.

21.2 Audio-visual rights

For competitors, entering the Nastro Rosa DMOWC 2023 means that their image and name, the image of their boat, of their sponsor(s), their partners and technical crew(s) and family members present in Taranto , and at any stopover and during finish, at sea or at any public place, press room, pontoons, support boats, social networks (Facebook, Twitter etc.) may be used, free of charge, and adapted, by the OA, the WS or their representatives, to communicate on or enhance the Nastro Rosa DMOWC 2023 and their partners, on any territory or any media support whatsoever without any time limitation. It is understood that these images will only be used in normal predictable conditions, without any ill will.
